Beller's report was that Mrs. Daniels was a woman of means, and was interested in a suit which is being conducted by Col. Ingersoil, involving the disposition of several millions of dollars which belonged to the estate of her dead husband.

The maid, according to the officer, also bore a good reputation, and is said to be worth some money also. Regarding the maid's name on the doorplate, Beller said it was a general practice shout the neighborhood to assist letter-carriers.
